## Sacro's mission is to promote safe and cohesive communities by reducing conflict and offending.

We provide a wide range of services spanning all aspects of the community justice continuum. These range from conflict resolution to prevent disputes escalating, to supported accommodation for prisoners on release including high-risk offenders.

Our services adhere to recognised best practice and we continually monitor and evaluate them to ensure their effectiveness and continued improvement.

Sacro's practice is guided by the belief that all should be shown respect and be empowered to take personal responsibility, acknowledging their capacity for change.

Based on over 30 years' experience of working in communities in Scotland and on considerable research evidence, Sacro believes that crime can be addressed more effectively by intervening at the earliest opportunity and at the lowest appropriate level, with a presumption in favour of community disposals and sentences, other than where there is an overriding need to protect society.

We work with a broad range of clients, from neighbours in dispute to those who have multiple needs. We work in partnership with local authorities and other service delivery agencies.

In Scotland Sacro is the:

- > Main provider of Supported Accommodation Services
- > Main provider of Intensive Support and Monitoring for those at high risk of offending
- > Only voluntary sector provider of adult Restorative Justice
- > Main voluntary sector provider of Throughcare Services
- > Main voluntary sector provider of Community Mediation Services
- > A major provider of Youth Justice Services (offering restorative justice, personal change and victim awareness programmes)

Sacro is a company limited by guarantee, Recognised as a charity in Scotland. Full members have voting rights and may serve on the Board of Directors, Sacro's governing body (and are liable to contribute £5 in the event of the company being wound up).
